Buffalo hunt of your dreams in Caprivi, Namibia

One of our long standing partners, Omujeve Hunting Safaris, has the opportunity to sell 8 buffalo hunts in the world renown Caprivi. Omujeve's hard work over the years has now born fruit and the Namibian government has granted them a small number of licenses that they can sell at a very favourable rate. To reach the hunting district you first fly to Windhoek then take a domestic flight to Katimo.

The hunt will start from Omujeve's hunting block in Caprivi and the hunting will take place in 3 surrounding national parks, Nkasa Rupara, Mudumo and Bwabwata, of which Bwabwata alone covers an area of circa 275.000 ha.

This block is home to some of the best elephant-, buffalo-, leopard- and plains game populations in Africa. The hunting quota here is very small, which ensures trophies here are of outstanding quality. Here it is still possible to find elephants of 60+ lbs, and buffalo with a span of 42 inches or more.

The hunt must be held in the first week of every month in 2023.

March has already been sold and there is no hunting in December.

The Camp

The Kwando-river system is renowned for its animal life, and it is here that you can find Ivory Luxury Camp. The camp consists of 5 canvas bungalows, all with their own bathroom. Like their other camps it offers a large common dining area, and a bar and fireplace where you can enjoy magical sundowners, while taking in the view over the Kwando River.

During the buffalo hunt you hunt 2:1, in the following antelope hunt the hunting is 1:1.

After both buffalo have been taken, you will take the first domestic flight back to Windhoek the drive to Omujeve's Maincamp (45 minutes from the airport). Here you will hunt antelope (1:1 guiding) for the rest of your safari. Omujeve offers excellent game populations and can deliver excellent trophies from a wide range of game species.

5 days hunting inc. trophy fee for 1 buffalo.

Price per hunter, 2:1/1:1
EUR 14.995

The price includes:
