HIGHLIGHTS & DESCRIPTION

Bulgaria - action hunt for females and wil...

Overview

Several years ago, a wealthy and passionate Bulgarian hunter initiated cooperation with a number of state estates and national parks in northeastern Bulgaria. After years of extensive and dedicated game and habitat management, the result today is a world-class population of red deer, in particular. All estates are free-range areas in fertile natural landscapes along the Danube River and the Romanian border.

Both red deer and wild boar have crossed the Danube and established themselves on a number of islands of approximately 600 hectares each. Today, these islands hold very strong, undisturbed populations where game management is also carried out. Hunting of hinds is naturally possible here as well, and a very comfortable hunting lodge has been built, offering the same high standard of service and catering as the mainland lodges.

These estates are among the CIC President's favourite areas, and he frequently hunts here. Not least because a record stag has been taken here, weighing no less than 16.96 kg and scoring 253.86 CIC points! Hind hunters can also, with high probability, be offered the opportunity to take a cull stag if desired.

Hind hunting takes place from October 1st to January 31st. The most convenient travel option is to fly to Bucharest, from where the drive to the estate is approximately 2 hours. Rifles can be rented on the estate.

HIGHLIGHTS

- Exceptional estate and game management – strong populations of red deer, roe deer, and wild boar
- Very high success rate – many shooting opportunities on hinds
- Top-class hunting area in stunning scenery near the Danube River
- One of the CIC President's favourite estates (see review under photos)
- Cozy hunting lodges with a true hunting atmosphere and excellent catering (all beverages, including local wine and beer, are included)
- Rifles can be hired on the estate; suppressors are allowed

PARTNER
Partner in Bulgaria

Our local partner is a very committed and passionate Bulgarian hunter with strong financial resources. He entered into an agreement with the state to take over management of these specific hunting territories. No expense has been spared in terms of habitat and wildlife care. He is currently constructing a larger hunting lodge on one of the main grounds – in preparation for offering also driven hunts in the future.

Trophy Hunting

Your professional hunting guide will assess the trophy with great confidence and ensure the best possible shooting opportunity. According to Bulgarian hunting law, a foreign hunter must accept a variation in trophy size of up to +/- 15% in the harvested game. If the variation exceeds 15%, the trophy may be left behind. This provides additional security when planning the trophy fee budget.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
